Volunteer Aid Gradually Prepares Village Park For Use This Summer

More Help is Sought From Public Spirited Local Citizens

Antioch's new park site has been buzzing with activity and the place is gradually approaching usable condition as the result of much voluntary labor.

Mayor James McMillen, Park Director Carl Wolfenbarger and his assistant, Anthony Scully, expressed their appreciation of the splendid co-operation from a number of public spirited citizens.

They listed Trustee Edgar Simonson who handled the huge tractor borrowed from Sobey Bros., like a veteran, which pulled up the big trees by the roots.

Trustee Merrill Cunningham and William Thiemann, city employee, had the big job of lassoing the trees with a one-inch cable.

Trustee Art Hawkins and Bob Horton cut up the trees as they fell while Chief of Police Walter Scott maneuvered a tractor as if it were his home lawn mower.

George Borovicka buzzed all afternoon with his power saw, cutting the logs for future use in the outdoor fireplaces.

Their thanks also went to C. W. Buren of Loon Lake who offered his services. T. R. Birkhead, principal of the high school and Richard Whitacre, principal of the grade school both swung axes in adding to the growth of the wood pile.

Walter Schneider, excavator, not only sent his machinery but three men along to aid in the work. Among those who contributed their leisure hours hauling, carting, and clearing were Barney Barnstable, Vern Heath, Harold Cardiff, Will Lahti, Beebe Lasco, Ed Vos, Dave and Bill Deering, Dave Petty, and Ronnie Scully and the Boy Scouts and Cub Scouts.

Additional help will be sought for 9:30 a. m. Sunday or 1 p. m. in continuing the work. The park will be for the community and the community's interest in shaping it is said.

County's Cancer Fund Over Top With Antioch Highest in Percentage

Lake county's 1950 cancer fund drive went over the top today when J. Robert Baxter, of Waukegan, general chairman, reported collections of \$26,260, or 101 per cent of the quota of \$26,000. This is the third year in a row that Lake county has exceeded its quota.

When the final figures are tabulated, it is expected that the total will exceed \$27,000. Eleven of the 17 communities that participated in the drive have gone over the top already, and four or five more will join them before the books are closed.

Antioch, with Mrs. Winsor Wariner as chairman, showed the highest percentage total, with 279 per cent of its quota. Gurnee, chairmaned by Harold L. Minkler, was second with 210 per cent. Prairie View, with Mrs. Walter P. Steiner as chairman, and Highland, with Mrs. Ralph E. Pottker as chairman, were also among the leaders with 136 per cent each.

Other communities that passed the 100 per cent mark were Waukegan-North Chicago, Highland Park, Grayslake, Lake Villa, Libertyville, Mundelein, Wauconda and Zion.

Great Lakes and Downey contributed greatly to the success of the Waukegan - North Chicago campaign, raising \$2,000 and \$525 respectively, according to present figures.

Antioch High Closes Season at Bensenville, Wins over Grant High

Mrs. R. A. Arnold is a medical patient at Victory Memorial hospital, Waukegan.

Grass Lake Grade school will have its second annual commencement exercises at the school this evening.

George M. Maypole Circulates Petitions For Place on Ballot

George M. Maypole, Lake Villa, is circulating petitions as an independent candidate for the legislature. Maypole withdrew as a candidate at the Democratic primary with the complaint that the Chicago political bosses were running the party in Lake county. Subsequent election in the party and the firing of those who refused to accept boss rule later bore out his contention.

Maypole's statement follows: On November 24th, 1949, I issued the following statement and released it to the press:

"In the light of recent developments, and basing my decision on my long experience in election procedure in this state, and the discovery that Democratic Bosses in Chicago are dictating the naming of the Democratic candidates for the Legislature in the 8th Senatorial District, for the purpose of keeping my name off the ballot in November, and the appreciation of the power of the Chicago political machine, I have come to the conclusion that it would be futile to combat them successfully in a Primary. I therefore am withdrawing my petition for nomination for that office."

"I am serving notice on the Chicago Political Bosses that at the proper time I will file a petition as an independent candidate for the Legislature in the election to be held in November."

"The voters of the 8th Senatorial District can then have the privilege of voting for the candidate of their choice."

Subsequent developments have proved that the Democratic Party in the 8th Senatorial District, and particularly in Lake County, is dominated by the dictations of an outside and detrimental influence, certainly detrimental to the voters of our District.

When I withdrew from the Democratic Primary race of 1949, I did so because I was satisfied that an open Primary was out of the question. However, I now present my name as a candidate for the Legislature. I am satisfied to present my case to all the voters of both major Parties for their consideration at the election to be held in November. My petitions as an independent candidate are now being circulated.

Life's Emptiness Must Be Filled Spiritually, Ehr Gott Tells Graduates

Dissatisfaction with conditions of the world and with their own spiritual state was urged by the Rev. Roberts Ehr Gott, pastor of St. Ignatius Episcopal church, in his address to the graduating class of Antioch Township High school Sunday evening.

Speaking before an audience of good size at the school auditorium, the Episcopal priest placed himself in the generation of those graduating and accused older generations of applying their dissatisfaction in life to material things which have led to divorce, stealing and killing on an individual basis and war on a corporate basis.

"Mankind acts like a child in a tantrum in being denied a piece of candy," he said. "He kicks out in all directions, hurting others, wounding them as he feels himself wounded. Or, he sulks, demanding that others share his misery, his emptiness, or that they satisfy his ego by petting him."

"All these symptoms not only of basic unrest, but a basic emptiness; man is like a hole, demanding to be filled, to be satisfied, to be satisfied, which means more than satisfied. Will he take a drink? No, he must get drunk. Will he get married? No, he must do it often. Will he eat to maintain the body? No, he will gorge himself."

The speaker said that being good often smacks of self satisfaction; that he wished for the students a spiritual dissatisfaction which strives for more of the goodness of God, the perfect one.

Mr. Ehr Gott gave the students no formula for supplying this spiritual satisfaction, leaving to them their own efforts and ways. His duty, he maintained, was to show that the material things in life are not soul satisfying and that the spiritual satisfaction should be uppermost.

The processional and recessional were played by Hans Von Holwede who also accompanied Miss Shirley Ross at the piano while she sang "O Send Out Thy Light" and James Kennedy while he sang "Trees."

The Rev. Mr. G. Richard Tuttle gave the invocation, and benediction.

Colonel J. J. Kasperek Tells Memorial Crowd Significance of Day

Parade Followed by Service In Observance Here And Lake Villa

The significance of Memorial Day was impressed on the crowd that heard Col. James J. Kasperek, Fort Sheridan in the services Tuesday afternoon at the village park.

After giving the history of the origin and growth of Decoration Day into Memorial Day through congressional action, the speaker told his audience that it could respect the memory of those who had given their lives in service through active participation in government, through election of officials who have the country's interests at heart.

Kasperek was introduced by Cmdr. Edward H. Jahneke of the American Legion after Mayor James McMillen, executive officers of the patriotic groups and other dignitaries had been presented.

The service came at the conclusion of a parade from the High school to the park in which the following groups participated in order:

American Legion and V. F. W. colors, American Legion and V. F. W. firing squad, Legion and V. F. W. members, Auxiliary colors, officers and members, Antioch Township High school band, Antioch fire department, Lake Villa Fire dept., Girl Scouts, Brownies, Boy Scouts, Cub Scouts, Lake Villa Camp Fire Girls, Gold Star Mothers, 40 and 8 of Waukegan and Antioch's lone Spanish American War veteran, John N. This is Free Enterprise

The term "free enterprise" has become so common it has lost significance. And yet it is an accurate term that cannot be avoided in describing the activities of private citizens in contrast to public or governmental undertakings.

The best way to define free enterprise and what it means to the country in terms of progress and living standards is by illustration. For example practically everyone at some time has seen or used a pressure-type gasoline lantern. The chances are that it was a Coleman lantern. A half century ago Coleman lamps brought light to cities and homes throughout the nation.

The story of the man and the company behind these lamps is a story of free enterprise that anyone can understand. It is a story of an individual who succeeded against odds. W. C. Coleman, who celebrates his eightieth birthday this year while his company celebrates its fiftieth anniversary, began with an idea and no money. Because he had a good product and tireless energy his enterprise grew and prospered. As the electric light developed Coleman expanded into oil-burning home heaters. Today in this field

sales average 400,000 units annually. The Coleman plants employ 2500 people. Mr. Coleman at 80 runs the business with the help of his two sons. Within recent years he has visited every American city of over 25,000 population and 90 percent of those over 10,000 calling on dealers who handle his products. His activities have done their bit in making the American standard of living and American goods famous. His lamps, like the oil they burn, exhibit free enterprise in a way that cannot be defined in a dictionary. It means liberty, opportunity, and progress. It cannot exist in a Welfare State.

Retailers Are The Victims

A spokesman for one of the principal retail associations* of the country recently said that "retailers are being made the victims of an intolerable situation resulting from delays in final government action to eliminate excise taxes. Stores are suffering serious sales losses on excise taxed merchandise, and these losses are mounting daily . . ."

Many prospective purchasers of taxed merchandise are postponing their buying in the hope that the taxes will be repealed. And in the meantime, the retailers are not the only ones who are adversely affected. Production is down in the factories which produce the goods—and employment suffers accordingly.

These excise taxes were 100 per cent war measures. It was widely said—and believed—that they would be promptly repealed when the war ended. Yet they are going on and on, years after the last shot was fired. They apply to many virtual necessities—transportation tickets, for example, baby oil, cosmetics, inexpensive as well as costly jewelry and watches, and so on. Each time we buy one of the taxed items or services, we must pay up to 20 per cent more than the normal purchase price because of this levy.

Past Congresses have postponed consideration of excise tax repeal. This Congress is at last—but slowly—getting around to doing something about it. Some Congressmen feel that the taxes should be reduced by about half. However, elementary justice demands their total repeal—to the benefit of everyone. J. Gordon Dakins, National Retail Dry Goods Assn.

Church News
At an important meeting of the Intermediate Fellowship Sunday night, plans were laid for a full summer activity. The youth will benefit from the work of a Youth Caravan which will visit the church for a week early in July. The Intermediates voted to initiate a movement for an outdoor playground on

the lawn of the church to be used by all age groups. The funds will be raised this next month, and with the help of the caravan the work will be done in time for two full months of activity. Saturday, June 10, the Intermediates will have a bake sale in downtown Lake Villa. The project will also benefit from a collection jar at the entrance of the church. It is hoped that these two financial efforts will raise about \$50, with which to buy materials for the playground, croquet, box hockey and many other outdoor equipment games. The public is urged to cooperate. The Intermediate Fellowship made up of 6th, 7th and eighth graders will be under new leadership starting next Sunday. Mr. and Mrs. Neil Reidel, a

if you like—the first non-shifting transmission in which oil does it all.

But here's the point:

It doesn't cost a cent—doesn't obligate you in any way—to check all this—to try this Buick out. All you have to do is ask—and your Buick dealer will sit you behind the wheel—let you put this traveler through its paces—show you precisely how little it will cost you to step up to a Buick.

Rent Office Personnel To Lose Jobs and Worry How They Will Pay Rent

"Faced with serious cuts in rent office personnel after June 6, due to present budget deficiencies, regional housing expediter have been instructed to plan new staffing patterns for their office in order to maintain the best possible service to landlords and tenants through June 30, the expiration date to the present federal rent law," said Oscar G. Abern, regional housing expediter in Chicago.

"Whether we will continue in business after June 30 depends, of course, on whether Congress gives us another rent law to administer."

Abern explained that while all 2,778 employees of the Office of Housing Expediter are receiving reduction in force notices, effective close to business June 6, a certain percentage of these dismissal notices will be withdrawn, and a skeleton force remain on duty through June 30.

"Of the 2,778 men and women employed by the Housing Expediter, 583, or 21.2 percent, are on jobs in Region 6 which comprises Illinois, Iowa, Minnesota, North and South Dakota, Wyoming, Colorado, Kansas, Missouri and Lake County, Indiana. Under the present plan, notices will be withdrawn on 234 region 6 employees."

"How the new staffing pattern will affect the Waukegan office after June 6," continued Abern, "we do not know at present. But whatever the plan, rent offices will remain open."

An ad about my wife

My wife's a pretty busy woman—though I could leave out the "busy" and still be right.

Big old house. Three kids. Lots to do all the time. But she manages fine.

"I've got a wonderful helper," she often says. "Runs errands for me, carries messages to and from my friends, gets help quickly when I need it and does a lot of my shopping. Never complains, never takes time off or vacations. And works 24 hours a day for just a few nickels."

She means our telephone, of course. We've often said that to a busy housekeeper, the telephone is just about the biggest bargain in the family budget.

Pollution Is Subject of Address by Cooney at Grayslake Friday Night

Many prominent governmental, civic, industrial, and professional leaders have been invited to a mass meeting called by the Chain O' Lakes Region council for 8:15 p. m. Friday (tomorrow) at the Grayslake Grade school in the discussion of pollution of lakes and streams.

E. G. Cooney, educational supervisor of the Illinois State Department of Conservation will be the speaker.

The speaker has engaged in conservation work for more than 15 years and has traveled extensively throughout the continent in connection with his work.

As the head of the department's training camp at Fox Lake, he is in close touch with workers from the University of Illinois Medical college, and has co-operated with them in research work on health aspects of polluted water, in his opinion a distinct contributing factor in the spread of polio.

Mr. Cooney was a member of the committee of the Illinois Federation of Sportsmen's clubs which worked on the Illinois River flood control program and is a member of the publicity and education committee of that organization. He is vice president of the Outdoor Writers of Illinois and a member of its board of directors. He was the originator of the essay contest on conservation which is conducted annually in the schools of Illinois.

The film, "Clean Waters," a color sound movie produced by the General Electric Co., will be shown at this meeting. The film is famous for its photography and the importance of its message. It shows the slow but economic degradation which pollution can cause a community, the eventual disappearance of fish and game, and the tremendously high rate of sickness which can result.

Tests are now being conducted in most of the lakes in the region, in bringing information on pollution up to date. The state department will soon start its exhaustive survey of Deep, Third, and Duck lakes.

The meeting is a part of the activities of the Chain O' Lakes council in improving the health and sanitary conditions of Lake county and to institute a county health department.

V. F. W. Defeats Zion In Memorial Day Game; Lost to Racine Sunday

It was sweet revenge for Jack Crandall's Antioch VFW baseball combine Tuesday afternoon, when it humbled the Zion Merchants, 16-6, before a large Memorial Day crowd at Sportsman Park in Zion. This victory for Crandall's aspiring crew was the first scored over Manager Stuart D. Gentler's club in six attempts in the past three years.

Leading the well rounded attack of Antioch was G. Fox with three hits, while everyone in the Antioch lineup, except Reckers and Shanks, collected two safeties. Sharing the limelight with Fox were Dick Scott with a homer and double and Jim Fields with a triple and two bagger. Tim Thomas collected two of the six garnered of the offerings of Ace Risch, who went the route for Antioch.

Four-Run Outburst
The Merchants made a game of it for four innings and entered the fifth frame trailing only by a 5-4 count, but the visitors virtually won the decision with four runs in the fifth and then clinched the verdict with four more in the sixth. They added another in the seventh and two more in the eighth.

Manager Gentler employed three hurlers in a vain attempt to halt the robust attack of the victors, but only Roger Scott enjoyed any success and he gave up five hits and three runs in the closing three innings of the contest.

The Vets took a terrific pounding Sunday, however, from the Racine team. The score was 18 to 7 with the Racine team scoring 13 runs in the first inning on eight hits and seven errors.

Bob Risch relieved Dalgaard after the first inning and held Racine to five runs while Antioch was scoring seven. Jack Crandall and Bernie Schneider both got home runs to lift Antioch's score. Risch was the winning pitcher.

The Vets will play Model Tavern of Kenosha here at 2:30 p. m. Sunday.

Upward Trend in Home Prices Seen by Head of Builders Association

Soaring lumber prices and an average 10 cents an hour wage boost for building trades labor will most likely mean higher home prices in the Chicago area, and elsewhere, A. O. Aldrich, president of the Chicago Metropolitan Home Builders Association, said yesterday. Pointing out that the price of West coast Douglas fir has risen as much as 26 per cent this year while southern yellow pine has gone up between 13 and 17 per cent in the last two weeks, Aldrich said these increased costs of building must be passed on in part to the consumer. "The rise in lumber prices is spectacular and unexpected," the Franklin Park builder pointed out, "and interferes with builders' plans to keep home prices at last year's level."

"The wage boost to Chicago area labor, while less spectacular and not unexpected, will likewise affect the prices of homes." Mr. Aldrich said home prices, after a four year climb, leveled off last year, and that builders hoped to keep them from going any higher this year despite the building boom. "However, accelerated home building has resulted in materials shortages with a resultant increase in prices and building costs, and it looks like the trend of prices, in Chicago as well as in the rest of the country, is upward."

Farm Bureau Directors Endorse Co. Health Unit

The Lake County Farm Bureau Board of Directors at a recent meeting of the Board unanimously endorsed the county health unit plan, according to Ronald Paddock, President of the Lake County Farm Bureau.

In discussing the health unit plan, the directors agreed that such a plan, if put into effect in Lake County, would eliminate many of the health hazards developing throughout areas of the county. The health unit was explained to the Farm Bureau board by Miss Pearl Bayne, District Health Nurse of the State Department of Public Health.

The directors favored a health plan, such as the county health unit, which is administered by local people, rather than one administered by some central government agency.

The Lake County Home Bureau had already endorsed the county health unit and is actively working in promoting the plan.

Arlington Polo Team Beats Milwaukee 10 to 8; Detroit Here Next Sunday

The Detroit Gold Hats, led by Volney Bayley, one of midwest's top polo stars, will invade Arlington Farms polo field, Buckley rd., at Rte. 21, for an International polo league game, Sunday at 3 p. m.

Arlington opened its season Sunday with a thrilling 10 to 8 victory over a sharp shooting Milwaukee polo club.

Offensive star in Arlington's victory was Dapper Dan Peacock who scored five goals while Dashing Del Carroll eluded a glue-tight defense to rack up four markers.

The game marked the return to polo wars of Wild Bill Fergus who teamed with Carroll two years ago to give Arlington Farms the finest one-two punch in polo.

Fergus was out last year because of a spine injury, but his splendid performance Sunday indicates that he has lost none of his cunning or daring on the field.

Detroit has strengthened its lineup for the 1950 season and Capt. Bayley has issued a warning to Len Bernard, Arlington Farms captain that the Gold Hats have their eye on the league crown held by Arlington for the past two years.

60 Seed Corn Varieties Planted at Test Plot

Sixty different varieties of hybrid seed corn likely to be used in Lake county were planted Thursday by the Illinois college of agriculture on the Park Allenson farm near Mundelein.

The test plot will be for north-eastern Illinois, Ray Nicholas, farm adviser, who participated in the planting, said.

Each variety was replicated six times in different parts of the two-acre plot.

The corn was planted Thursday as the most likely date on which the corn borer would be avoided.
